## Foreword

I am happy to write the 'Foreword' for Education Report 2021, brought out by our college. It has been acknowledged by NAAC as one of the 'Best Practices' followed by the college. The development of the well-rounded individual is the principal goal of co-curricular activities in the campus. The numerous experiences these activities provide positively impact students' emotional, intellectual, social, and inter-personal development. The report is an effort to mirror this vibrant academic as well as co-curricular excellence pursued by the departments for the benefit of the students as well as their own academic growth. Therefore, it is not just a book of information or a mere compilation of activities. It also speaks of the ASIC engagements showcasing the overall development of the college in general, teachers and students in particular. It reflects the broad base approach of the college in its governance: such as administration, student centered, institutional based and co-curricular activities. The academic and non-academic excellence displays the overall performance of college. Utmost importance is taken while presenting the information-it is factual to the core.

As I pen these few words, I am glad to express my appreciation and satisfaction regarding the dedication of our faculty and technical staff who have a role in the preparation of this Education Report. This is the right time to equip students with greater knowledge in the scenario of rapid changes in the field of higher education to make our students finer citizens of the society. Education Report 2021 speaks of our commitment in this direction. I sincerely thank Dr. Doddarasaiah G, Convenor, Smt. Kamalakshi, Sri Dasprakash and Ms. Champa for their efforts in giving the college activities a final shape in the form of Education Report.

Education Report

## From the Editor's Desk

All roundness is the theme of modern education. In the book "21st Century Skills: Learning for Life in our Times", the authors Bernie Trilling and Charles Fadel have premised that "the world has changed so fundamentally in the last few decades that the roles of learning and education in day-to-day living have also changed forever". Every institution should brace itself to this challenge. We, at Mahajana College constantly strive to keep students engaged constructively beyond the classroom and the Education Report which has become part of our system is an effort to present a comprehensive picture of the learning atmosphere in the college provided through the ASIC Fora. The practice itself has come to be widely appreciated along with Education Report. The book is a true reflection and no colors are added.

I am extremely happy to present Education Report 2021. It is a long drawn process and I would like to express my sincere gratitude to Principal Dr. B.R.Jayakumari for her continuous support and encouragement during the compilation of the report. I would also thank Dr. C.K. Renukarya, Director, Mahajana Post Graduate Centre for his support. I thank all the teaching staff for their co-operation. My heartfelt gratitude to Smt. Chaya S.A. for her efforts to type the manuscripts and Mr. Ningegowda for the photographs. I am also thankful to Smt. Shobha D, Assistant Professor, Department of Computer Science, Mahajana PG Centre, for her support.

#### FINAL SEM PROJECT DETAILS:

- Main Project : TRaDE (Training and Development)
- Project Title : TRaDE (Training and Development)
- Project done at : KAIZEN 4FRONT TECHNOLOGIES PVT. LTD.,  
Mysore.
- Brief Description : A live project entitled TRaDE is a application to serve the need of the comnay's training department by regaining the human resources and it's a automated tool to manipulate all training related data and generate required reports.
- Technologies used :
  - Technology : WEB based
  - Coding : C#
  - Data Access : ADO.NET
  - Designing Tool : Visual Studio 2008
- Module developed:

Module	Phases	Brief Description
Trade Web Page	Phase I	1. A Web page to display all the Modular courses provided by the client's training department. 2. On click of the course name the course description, pre-requisite audience, objective of course, course outline duration of course is displayed.
Tree Structure	Phase 1	1. The course module is developed using Tree View component. The courses can be added to the tree dynamically. 2. While adding, the corresponding course file is uploaded to the fip folder dynamically and when courses are clicked in display mode the details of the courses will be displayed.

**1. Name of the Department : Biochemistry****2. Motto/Vision/Mission Statement:****Motto:**

Our motto is to provide impetus for education, training, opportunities and work environments that are characterized by honesty, liability, impartiality, and a commitment to understand concepts of life at the Biochemical and Molecular level for all cadres of society.

**Vision:**

Our vision is to obtain a well-defined elucidation of the molecular interactions that underlie both normal physiology and disease states of life forms which is the foundation of etiology, drug designing and personalized medicine. Additionally, our goal is to understand the molecular mechanisms of and to develop new tools, for biology such as biosensors, biomarkers, study models and therapeutic molecules that will enhance the quality of life through better medical care, disease prevention measures, nutrition, and environmentally sound processes.

- Computer Society of India.

**Yashaswini J:**

- Institution of Engineers (India).

**G. Prasanna David:**

- Computer Society of India.

**7. Future plans for the next academic year:**

- The department will continue to provide high quality post-graduate education in Computer Science by enhancing teaching effectiveness and refining curriculum from time-to-time to meet the industry needs.
- To prepare the students for jobs in the industry, private or government sector by introducing skill-oriented courses in the field of Computer Science.
- The faculty will continue to gain more knowledge in their specialization domain, perform well in scholarly activities and work towards increasing the opportunities to work on socially relevant research projects.

**1. Name of the Department: DoS in Chemistry****2. Motto/Vision/Mission Statement:****Vision:**

- ❖ SBRR Mahajana First Grade College is committed to imparting education to students with a professional approach to make them finer citizens of the country who are economically useful, society responsible and culturally remarkable.

**Dr. Shantharam****Mission:**

- To blossom into an institute of excellence to empower the youth through quality education and provide professional leadership.
- To provide encouraging inputs for better careers and empower youth for contemporary social tasks.
- To support social endeavors and traditional values with sustained efforts.
- To provide excellent teaching and research ambience.
- To create quality human resource through scientific inquiry, applied research and innovation.
- To earn the grade to move from the existing college with Potential for Excellence into the grade of a college with Excellence and Autonomy.

## ASIC Reports

To ensure participation of students and staff in day to day administration and establishment, a number of functional units are at work. These units are small but meaningful nucleus with well defined objectives before them. While executing the earmarked functions, these units also act as Leadership Development Workshops. Broadly, there are four types of functional committees. They are.

1. Administration Support
2. Student Support
3. Institutional Support
4. Co-curricular Support

About 110 such committees and 05 special committees are in operation. Each committee functions under the guidance of a designated staff co-ordinator assisted by the senior most class representative functioning as the organizing secretary of the unit. Other CRs constitute its members. They create a vision statement, chalkout detailed programmes and execute them systematically.
