Foreword

I am happy to write the 'Foreword' for Education Report 2022, brought out by our college. It has been acknowledged by NAAC as one of the 'Best Practices' followed by the college. The development of the well-rounded individual is the principal goal of co-curricular activities in the campus. The numerous experiences these activities provide, positively impact students' emotional, intellectual, social, and inter-personal development. The report is an effort to mirror this vibrant academic as well as co-curricular excellence pursued by the departments for the benefit of the students as well as their own academic growth. Therefore, it is not just a book of information or a mere compilation of activities. It also speaks of the ASIC engagements showcasing the overall development of the college in general, teachers and students in particular. It reflects the broad base approach of the college in its governance: such as administration, student's centered, institutional based and co-curricular activities. The academic and non academic excellence displays the overall performance of college in general, teachers and students in particular. Utmost importance is taken while presenting the information-it is factual to the core.

As I pen these few words, I am glad to express my appreciation and satisfaction regarding the dedication of our faculty and technical staff who have a role in the preparation of this Education Report. This is the right time to equip students with greater knowledge in the scenario of rapid changes in the field of higher education to make our students finer citizens of the society. Education Report 2022 speaks of our commitment in this direction. I sincerely thank Dr. Doddarasaiah G, Convenor, Smt. Kamalakshi, and Ms. Champa, Smt. Chaya S.A. for their efforts in giving the college activities a final shape in the form of Education Report.

Education Report

From the Editor's Desk

All roundness is the theme of modern education. In the book "21st Century Skills: Learning for Life in Our Times", the authors Bernie Trilling and Charles Fadel have premised that "the world has changed so fundamentally in the last few decades that the roles of learning and education in day-to-day living have also changed forever". Every institution should brace itself to this challenge. We, at Mahajana College constantly strive to keep students engaged constructively beyond the classroom and the Education

Report which has become part of our system is an effort to present a comprehensive picture of the learning atmosphere in the college provided through the ASIC Fora. The practice itself has come to be widely appreciated along with Education Report. The book is a true reflection and no colors are added.

I am extremely happy to present Education Report 2022. It is a long drawn process and I would like to express my sincere gratitude to Principal Dr. B.R.Jayakumari for her continuous support and encouragement during the compilation of the report. I would also thank Dr. C.K. Renukarya, Director, Mahajana Post Graduate Centre for his support. I thank all the teaching staff for their co-operation. My heartfelt gratitude to Smt. Kamalakshi S, Smt. Champa S., Smt.Chaya S.A. for her efforts to type the manuscripts and Mr. Ningegowda for the photographs. I am also thankful to Dr. Sangamitra Gowtham M J, Assistant Professor, Department of MBA, Mahajana PG Centre, for her support.

1. Name of the Department : Biochemistry**2. Motto/Vision/Mission Statement:****Motto:**

Our motto is to provide impetus for education, training, opportunities and work environments that are characterized by honesty, liability, impartiality, and a commitment to understand concepts of life at the Biochemical and Molecular level for all cadres of society.

Vision:

Our vision is to obtain a well-defined elucidation of the molecular interactions that underlie both normal physiology and disease states of life forms which is the foundation of etiology, drug designing and personalized medicine. Additionally, our goal is to understand the molecular mechanisms of and to develop new tools, for biology such as biosensors, biomarkers, study models and therapeutic molecules that will enhance the quality of life through better medical care, disease prevention measures, nutrition, and environmentally sound processes.

7. Future plans for the next academic year:

- To enhance the job opportunities of the students passing with M.Sc. Biochemistry degree by organizing workshops related to laboratory skill development as well as communication skills.

1. Name of the Department : **Biotechnology**

2. Motto/Vision/Mission Statement:

Motto:

- To provide Biotechnology educational Program with impetus to generate quality workforce.
- To create awareness about potentials of Biotechnology with socio-ethical implications.
- To instil spirit of innovation and creativity in young minds with sound research aptitude.
- To nurture confident individuals who are effective contributors towards growth of the nation.

Vision:

Our vision is to produce competent biotechnologists who can employ premium processes and applications which will profoundly influence existing paradigm of agriculture, industry, healthcare and restoration of environment providing sustainable competitive edge to present society.

Studio Media Centre

Sri Ravi L
Convenor

Motto/Vision Statement:

Motto: 'Feed the watchdog, build the safe society' To groom the students as Media Professionals with knowledge and skills to excel.

Vision: To inspire successive generations of talented individuals to become dedicated Journalists.

A Report of Studio Media Centre:

Since the inception of Studio Media Centre in the College, it was envisioned that the Centre would develop into a huge digital repository with state of all facilities. Media Centre started has evolved into a major repository of audio/visual documentation encompassing all the arts, creativity and culture, academic, enveloping the development of MES.

There are Two 4K Video Cameras and one Full HD Camera with studios within the Media Centre, along with Studio B/Milo/Croma (the 'green screen'), and we able to do live multi-camera production and all can be interconnected with network facilities with 2 HD TV.

Studio Gallery Suite is where production, lighting, camera control, graphics and Autocue are controlled. Broadcast have supported us in the development of the Media Centre, meaning we have broadcast-standard monitors and One new full-HD digital vision mixing desks where the sound for the studios.

Studio is having a green screen croma for recording material that will then have CGI (computer-generated imagery) added to form the final image. The studio has a motion control camera, 'Milo', which can reproduce the same programmed move repeatedly. This allows the CGI and the live image to be synced.

Media Centre has created its documentations in various formats namely in VHS, U-matic, low-band, high-band, Beta and present digital format by using

Recording and Editing Softwares. Media Center has taken care of preserving the culture, academic and institutional programmes, lectures in audio/visual documentation with changing times.

Media Centre has been endeavouring to do audio/visual research documentation and archiving them for prosperity and implementing the same by dissemination as well. The major work of Media Centre is:

The print journalism space allows you to collaborate ideas and learn from other fellow students, as well as:

- i. Discuss aspects of news – including ethics and practical requirements as per syllabus.
- ii. Utilise the computer labs – by using specialised computer software and hardware to prepare to write engaging newsworthy stories, designing and pagination and layouts of the newsletters.
- iii. Print Media lab for train up the students from Journalism and Mass Communication by giving practical skill development programmes by using software like PageMaker, Photoshop, Indesign. Newsletter designed, paginated edited by students, individual newsletter has to released by the each students of the Department.
- iv. Media Centre Library holds all the documentaries published in DVD format and facilitates creation of new DVDs.
- v. Post production: Media Centre is not limiting itself to just documenting and archiving rather it has developed a new role to edit the footage and create long documentations also to create documentaries, lecture series by the faculties for mass dissemination.
